INTRODUCTION

The company's core operations span four key areas:

1. Paint Solutions:

As the authorized distributor for Prisma Paints in Saudi Arabia, Nwat supplies premium paints and coatings tailored for architectural, industrial, and commercial applications. Prisma Paints is renowned for its quality, durability, and wide range of color options.

2. Storage and Handling Racking Systems:

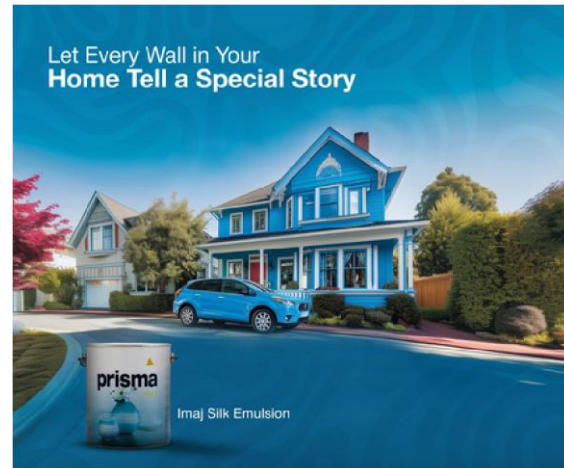

Nwat provides efficient and customizable racking and shelving solutions designed to optimize space and improve operational efficiency for warehouses, retail outlets, and industrial facilities.

3. Food Services:

Nwat's food division offers a broad selection of high-quality food products and machinery, including fresh vegetables, dairy items, dry goods, and frozen foods. In addition to food products, the division supplies advanced refrigeration systems for commercial kitchens, food storage, and retail displays, ensuring the optimal preservation and freshness of perishable goods.

4. Contracting Services:

Nwat offers selective contracting solutions, including professional painting services, porta cabin works, and electromechanical services, such as the supply of electrical equipment.

Protect Your Surfaces with Long-Lasting Durability and Superior Finish

1. Paint Solutions

Nwat Trading and Contracting is proud to be affiliated with **Prisma Paints** in Saudi Arabia, strengthening its market presence and ensuring seamless delivery of premium paint solutions. Through this partnership, Prisma Paints leverages Nwat's expertise in trading and contracting to serve a growing clientele across residential, commercial, and industrial sectors.

- **Architectural Paints:**

Supplying a range of interior and exterior paints that offer elegant solutions with timeless hues, transforming spaces into captivating and inviting havens.

HEALTH, SAFETY AND ENVIRONMENTAL POLICY

Nwat Trading and Contracting is committed to providing a clean, healthy, and safe work environment by preventing accidental loss of any of our resources, including employees

and physical assets, and to promoting an ecologically sustainable environment. Nwat Trading and Contracting has established the Health, Safety, and Environmental (HSE) policy to provide a framework for setting and reviewing HSE objectives aligned with the company's purpose. The HSE obligation is the responsibility of managers, supervisors, and employees at every level of the company and will be achieved through the following key objectives:

- Comply with all applicable laws, regulations, and standards.
- Ensure management is actively involved and provides leadership to support continuous improvement in HSE performance.
- Communicate and consult with stakeholders to increase awareness of their HSE obligations and responsibilities.
- Continuously improve our HSE management system through auditing, review, and revision.
- Adopt best practices to minimize hazardous events at sites and encourage customers and suppliers to do the same.
- Prevent pollution at the source, reduce waste, conserve resources (water, energy) and promote sustainable practices.

We recognize the need for ongoing improvement in HSE performance, and our cardinal rule sets the minimum acceptable level of performance.

QUALITY POLICY

Nwat Trading and Contracting is committed to provide quality services and products to its customers. Quality for us means understanding the customers' requirements "inside out" and putting them into practice with our innovative strength and know-how. Nwat Trading and Contracting is committed to:

- Deliver on-time & quality products, systems and services that meet or exceed our customer's expectations.
- Ensure that Customer Satisfaction is the axis of all its operations, processes, activities and initiatives.
- Review the Quality Management system including the Quality Policy in the management review meetings at proper intervals to ensure its suitability for the current business operations and to identify the improvement potentials.
- Continuously improve its processes by reviewing them at suitable intervals using customers' feedback.
- Enable and engage our people at all levels in a relentless drive to improve operational performance along the value chain from suppliers to customers.
- Increase the motivation and skills of our people to add value to our customers and our businesses, through continual training and development.
- Continually improve environmental, health and safety performance through all products, operations, systems and services.
